Ministry of Finance, Planning and Economic Development

Kampala-Uganda

Dear Sir,

**RE: Civil Society Contributions on Regulations for the Public Finance Management Act, 2015**

Greetings from the Civil Society Coalition on Oil and Gas in Uganda (CSCO). CSCO is a loose Coalition of Organizations working to ensure a well-managed Oil and Gas sector for the benefit of all Ugandans. Since its founding in 2008, the coalition has worked increasingly in collaboration with Government of Uganda, Oil Companies and other stakeholders to ensure proper management of the Oil and Gas sub-sector and sustainable benefits for Uganda.

We have learnt with pleasure that government, under your leadership is undertaking efforts to operationalize the Public Finance Management Act, 2015, by putting in place Regulations for the said law. As stakeholders in this process, we are glad to share with you our observations and recommendations in this regard, as attached to this letter. Please note that our recommendations were originated in October 2015, prior to the latest amendments to the Act. We made an informal submission on the same, and we now wish to bring these recommendations to your attention. Should you require clarification on any of our suggestions, kindly get back to us.

Thank you.

Yours faithfully,

  
Irene Ssekyaana

Chairperson, Civil Society Coalition on Oil and Gas in Uganda (CSCO)
